After calling HP they suggested I download another driver that was Mac compatible and close in series number to the psc 1300.. This is silly because I have done this for a couple years! Why can't the bonjour add printer see my drivers??Many consumers are worried that using compatible ink and toner cartridges will damage or void the psc 1300 series printer warranty. The printer works fine if it's attached to my mac directly but if it's attached to my Time Capsule or my Airport Express it can not find the drivers that I know are there.. I have installed the latest driver that Steven Hale posted, but this does not help.. After I did that, ae05505a44 [The Protector Tony Jaa Movie Torrent Download](#)
